ELX FUTURES RELEASES SIMPLE TWO-TIER FEE SCHEDULE FOR EURODOLLAR FUTURES CONTRACTS

Please be advised that ELX Futures, L.P. (ELX Futures) has released its simplified two-tier fee schedule, including exchange and clearing fees, at lower prices than most available fees. ELX will launch its Eurodollar Futures contract on trade date Friday, June 18, 2010, and fees will be waived for market participants until July 1, 2010. The Eurodollar Futures contract will join ELX's suite of U.S. Treasury Futures products already trading.

ELX Futures will have a \$0.18/contract bundled fee (clearing and exchange fees) for users with Average Daily Volume above 1,200 contracts. For low volume users at or below 1,200 contracts of Average Daily Volume, the bundled fee is \$0.35/contract. ELX's Eurodollar Futures fee schedule will represent a reduction in costs for most market participants.

To support institutional trading needs and ensure that investors are able to execute large volume trades at a fair and reasonable price without creating undesirable volatility in the marketplace, ELX Futures will allow block trades to be submitted meeting the minimum quantity of 500 contracts.

Other advantages of the ELX Futures fee schedule are: (1) a simple no-cost registration process without traditional membership obligations; (2) operational simplicity of only two fee tiers and (3) no fee surcharges for block trades, EFRPs, errors or give-ups.

Please contact ELX Futures customer support at 877-359-6610/212-294-7771 or via e-mail at support@elxfutures.com with any questions.
